TECH RIDER

Everything the booth needs for a DJ Sunny set: the DJ setup, the team setup, production notes and the signal flow.

1. DJ Setup

MIXER

1 × Pioneer DJM-A9

- 4-channel professional DJ mixer
- All DJ player channels routed through the mixer
- Booth output required from the mixer
- Master output routed to the venue PA/system

PLAYERS

4 × Pioneer CDJ-3000 / CDJ-3000X

- Players connected via Pro DJ Link
- Link connection via direct Ethernet connection or an appropriate Pro DJ Link-compatible hub/switch, where required
- Players should be networked and fully operational before soundcheck

BOOTH MONITORS

2 × Professional Booth Monitor Speakers

2 × Subwoofers

- Place monitors on the left and right sides of the DJ booth
- Place one subwoofer on each side of the DJ booth
- Connect booth monitors to BOOTH OUT on the DJM-A9
- Provide independent booth monitor volume control at the mixer
- Provide stereo monitoring at the DJ position

MICROPHONE

1 × Professional Vocal Microphone

- Microphone connected directly to the DJ mixer
- Microphone audio routed to the booth monitors
- Microphone level/EQ control available at the mixer
- Wireless microphone preferred where available

DJ BOOTH

12 × 8 ft Riser

Preferred riser height: 2 ft

- DJ console on a 6 × 8 ft table, 2 ft high
- Cover the front fascia of the DJ console table with an LED wall

2. Team Setup

VISUAL JOCKEY

1 × Long HDMI Cable

PERCUSSIONIST

MICROPHONES

Timbales	1 × Shure SM57, 1 × Shure SM58
Hand Kick Drum	1 × Kick Drum Microphone
Snare Drum	1 × Shure SM57
Cymbals	2 × Overhead Microphones
Hi-Hat	1 × Shure SM57
Djembe	1 × Shure SM58
Darbuka	1 × Shure SM57
Dhols	6 × Clip-On Microphones

MONITORING

3 × **In-Ear Monitor Systems for Percussionist**

3. Production Notes

- ✓ All CDJs linked on the network and running before soundcheck starts
- ✓ Booth monitor volume adjustable on its own, straight from the mixer
- ✓ Master output tested through the venue PA ahead of the set
- ✓ A wireless microphone is the first choice wherever one is available
- ✓ Any change to this standard setup is agreed with the artist/team beforehand
- ✓ Questions on the tech or a particular setup? Get in touch with the artist/team (details below) before the event
